

Quick Start Guide To: The Free Swiftpage Service

Many of you may be used to the old Swiftpage free trial system where potential customers could sign up for a free 30 day trial of Swiftpage. Now, we offer completely free use of Swiftpage.

All free Swiftpage accounts will have the ability to send 50 emails per day and have three active campaigns. Free Swiftpage accounts will also come with a free, limited version of Drip Marketing. The Free Drip Marketing is limited to Email Stages only and can ultimately have as many Campaigns built as desired, but with only three in the active and launched status

For a more robust trial of Drip Marketing, Free account holders should contact Swiftpage directly or have a reseller contact their Swiftpage representative for further evaluation.
