<input type="checkbox"/> "03/24/10 08:14:00 PM, test"	1
<input type="checkbox"/> "03/24/10 08:11:11 PM, test, Sent To: mlapczynski@switpage.com, mgmlap@comcast.net"	2

Create SalesLogix Campaign target response records, if the targets originated from a SalesLogix campaign

You will see a screen with all your email blasts with information about Email time, Subject and the number of Updates.

You can individually check the email blasts or select Toggle All to select which emails to update contact history. There is a check box to Create SalesLogix Campaign target response records as well for SalesLogix Campaign sends. Once the emails are selected, click the Update email history button. You will see this window:

You can also click the Reports button to be taken to your Online Reports section.
